## BIOCHEMISTRY

Test Description	Result	Units	Reference Range
HBA1C HBA1C	8.5	%	4.5 - 6.3

What is computerized HBA1C And its advantage over conventional HBA1C. HBA1C is an excellent index of long term Diabetes control-over proceeding 90 days. Unlike the conventional glycosylated Haemoglobin test which measures total HBA1C, The specific HBA1C test is a true index of the average blood glucose control during previous 3 months. The separation of HBA1C is performed rapidly and precisely, without interference from Schiff base, Lipemia, temperature, pH or Normal samples.
